## Memorandum

**Date:** March 12, 2019

**To:** Board of County Commissioners

**Via:** Katherine Miller, County Manager

**From:** Anna C. Hansen, Santa Fe County Commissioner, District 2

**Subject:** Resolution No. 2019-\_\_\_\_, A Resolution Urging the New Mexico State Legislature to Enact the Healthy Soil Act, House Bill 204, During the 2019 Legislative Session and Directing Staff to Explore Ways to Incentivize Soil Health Improvements

---

### **Background and Summary:**

House Bill 204 was introduced by Senator Elizabeth “Liz” Stefanics (D-39); Representative Nathan P. Small (D-36) and Representative Melanie Ann Stansbury (D-28) into the 2019 Legislative Session.

The Bill enacts the Healthy Soil Act (the Act) and creates within the New Mexico Department of Agriculture (NMDA), the Healthy Soil Program and Healthy Soil Grant Program. The purpose of these programs are to support land management practices that improve the health, yield and profitability of soils in New Mexico and, under the Act, the NMDA will support local economic development for local food grown with healthy soil management practices and issue grants to advance soil health and soil health stewardship to eligible entities such as the Santa Fe County.

Further, the Act asks NMDA to identify ways to increase the generation and use of compost to build healthy soils. It directly supports the work that is being done in Santa Fe County through multiple public and private initiatives to improve soil health by composting food waste. The programs are consistent with Santa Fe County’s priorities to emphasize the importance of soil health and support active projects to improve soil health conditions and mitigate erosion in Santa Fe County Open Space properties.

This is a bi-partisan bill, which Governor Michelle Lujan Grisham has publicly supported.

### **Action Requested:**

Commissioner Hansen respectfully requests the Board of County Commissioners support and approve this resolution.

**THE BOARD OF COUNTY COMMISSIONERS OF  
SANTA FE COUNTY  
RESOLUTION NO. 2019 - \_\_\_\_\_**

---

**A RESOLUTION URGING THE NEW MEXICO STATE LEGISLATURE  
TO ENACT THE HEALTHY SOIL ACT, HOUSE BILL 204, DURING THE 2019  
LEGISLATIVE SESSION AND DIRECTING STAFF TO EXPLORE  
WAYS TO INCENTIVIZE SOIL HEALTH IMPROVEMENTS**

---

**WHEREAS**, House Bill 204, the Healthy Soil Act (the Act), has been introduced in the 2019 Legislative session; and

**WHEREAS**, the purpose of the Act is to support land management practices that improve the health, yield, and profitability of soils in New Mexico; and

**WHEREAS**, if passed, the New Mexico Department of Agriculture (NMDA) would be tasked to work with eligible entities such as the soil and water conservation districts, tribes, pueblos, land grants or acequia associations to promote soil health stewardship, create a program to provide ongoing trainings and facilitate workshops, collaborate with technical service providers, and educate the public about the importance of soil health stewardship; and

**WHEREAS**, under the Act, the NMDA will support local economic development for local food grown with healthy soil management practices; and

**WHEREAS**, under the Act, eligible entities may apply for grants to advance soil health and soil health stewardship with priority given to those entities or districts servicing young producers, veterans, and small farms or ranches, or for projects that benefit economically or socially disadvantaged communities; and

**WHEREAS**, the Act will provide assistance for agriculture in Santa Fe County and help it remain viable for future generations; and

**WHEREAS**, Santa Fe County recognizes the importance of soil health and is actively working to improve soil health conditions and mitigate erosion on County Open Space properties; and

**WHEREAS**, the Act asks NMDA to identify ways to increase the generation and use of compost to build healthy soils and directly supports the work being done in Santa Fe County through multiple public and private initiatives to improve soil health by composting food waste; and

**WHEREAS**, New Mexico's farmers and ranchers and other land managers are essential to soil restoration, constitute major economic drivers and are of great cultural importance to the citizens of this state; and

**WHEREAS**, soil restoration on working lands has a wide range of benefits, including improved watershed health and water quality, better water infiltration and retention of soils, reduced soil erosion, increased productivity of lands, lowered agricultural costs from reduced inputs, increased resistance to drought and pests, greater resilience to extreme weather events, increased levels of sequestration of atmospheric carbon, superior nutrient density of crops and forage, enhanced pollinator and wildlife habitat, and an overall benefit to rural communities; and

**WHEREAS**, incentivizing soil health stewardship among farmers, ranchers, and land managers will boost the economic viability of New Mexico's working lands and lead to greater vitality of our rural communities.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of County Commissioners of Santa Fe County, that:

1. The Board supports House Bill 204 and urges the New Mexico State Legislature to adopt this Bill during the 2019 legislative session.
2. The Board urges the New Mexico Association of Counties to support House Bill 204 during the 2019 legislative session.
3. The County Manager shall direct staff to explore ways to support initiatives to incentivize agriculture utilizing healthy soil management practices.

PASSED, APPROVED, AND ADOPTED ON THIS 12<sup>th</sup> DAY OF MARCH, 2019.

THE BOARD OF COUNTY COMMISSIONERS OF SANTA FE COUNTY

Geraldine Salazar, County Clerk

HOUSE BILL 204  
54TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2019

INTRODUCED BY

Nathan P. Small and Elizabeth "Liz" Stefanics and  
Melanie Ann Stansbury

AN ACT

RELATING TO NATURAL RESOURCES; ENACTING THE HEALTHY SOIL ACT;  
CREATING THE HEALTHY SOIL PROGRAM AND HEALTHY SOIL GRANT  
PROGRAM IN THE NEW MEXICO DEPARTMENT OF AGRICULTURE; PROVIDING  
POWERS AND DUTIES; MAKING AN APPROPRIATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. [NEW MATERIAL] SHORT TITLE.--This act may be  
cited as the "Healthy Soil Act".

SECTION 2. [NEW MATERIAL] DEFINITIONS.--As used in the  
Healthy Soil Act:

A. "board of regents" means the board of regents of  
New Mexico state university;

B. "champion" means a land manager that is declared  
a soil health champion due to the land manager's excellence in  
applying and promoting soil health principles, as modeled by

.212106.1

underscored material = new  
[bracketed material] = delete

1 the soil health champion program of the national association of  
2 conservation districts;

3 C. "commission" means the soil and water  
4 conservation commission;

5 D. "department" means the New Mexico department of  
6 agriculture;

7 E. "district" means a soil and water conservation  
8 district created pursuant to the Soil and Water Conservation  
9 District Act;

10 F. "eligible entity" means a local governmental  
11 entity with proven land management capacity to support healthy  
12 soil and includes an Indian nation, tribe or pueblo, a land  
13 grant or an acequia;

14 G. "healthy soil" means soil that enhances its  
15 continuing capacity to function as a biological system,  
16 increases its organic matter and carbon content and improves  
17 its structure and water- and nutrient-holding capacity,  
18 resulting in net, long-term greenhouse gas benefits;

19 H. "program" means the healthy soil program created  
20 in the Healthy Soil Act;

21 I. "soil health principle" means a principle that  
22 promotes soil health and includes:

23 (1) keeping soil covered;

24 (2) minimizing soil disturbance on cropland  
25 and minimizing external inputs;

.212106.1

1 (3) maximizing biodiversity;  
2 (4) maintaining a living root; or  
3 (5) integrating animals into land management,  
4 including grazing animals, birds, beneficial insects or  
5 keystone species, such as earthworms;

6 J. "supported method" means a method that is based  
7 upon soil health principles and is scientifically supported to  
8 promote healthy soil and includes:

9 (1) planting cover crops, perennials,  
10 hedgerows, native grasses and other native vegetation;  
11 (2) multi-cropping;  
12 (3) adopting no-till or conservation tillage;  
13 (4) planned grazing with appropriate graze and  
14 recovery periods and herd effect;  
15 (5) integrated crop livestock systems;  
16 (6) mulching;  
17 (7) compost application;  
18 (8) soil microbial stimulation and  
19 inoculation; or  
20 (9) on-site wetland and riparian restoration;

21 K. "technical assistance" means assistance provided  
22 to a farmer or rancher to achieve the purpose of the Healthy  
23 Soil Act and includes outreach, education, financial assistance  
24 or assistance with project planning, project design, grant  
25 applications, project implementation or project reporting; and

.212106.1

1 L. "technical assistance provider" means a local,  
2 state, federal, tribal, educational, nonprofit or  
3 nongovernmental entity with demonstrated technical expertise in  
4 designing and implementing agricultural management practices  
5 that contribute to healthy soils and includes a district, the  
6 New Mexico state university cooperative extension service, the  
7 United States natural resources conservation service, the  
8 United States forest service, the United States bureau of land  
9 management, the state land office, the energy, minerals and  
10 natural resources department or the state forestry division.

11 SECTION 3. [NEW MATERIAL] HEALTHY SOIL PROGRAM--CREATED--  
12 PURPOSE.--

13 A. The "healthy soil program" is created in the  
14 department. The department, with support and advice from the  
15 commission, shall administer the program.

16 B. The purpose of the program is to promote and  
17 support farming and ranching systems and other forms of land  
18 management that increase soil organic matter, carbon content,  
19 aggregate stability, microbiology and water retention to  
20 improve the health, yield and profitability of the soils of the  
21 state.

22 SECTION 4. [NEW MATERIAL] HEALTHY SOIL PROGRAM--SOIL  
23 ASSESSMENT AND EDUCATION--GRANT PROGRAM--DEPARTMENT--DUTIES--  
24 RULEMAKING.--

25 A. The program shall be composed of:

.212106.1

1 (1) a healthy soil assessment and education  
2 program;

3 (2) a healthy soil grants program; and  
4 (3) other programs established by the  
5 department to accomplish the purposes of the Healthy Soil Act.

6 B. In administering the healthy soil assessment and  
7 education program, the department shall:

8 (1) work through districts, technical  
9 assistance providers or eligible entities to:

10 (a) encourage farmers and ranchers and  
11 land managers to undertake voluntary soil health measurements;

12 (b) raise awareness about desirable soil  
13 health characteristics;

14 (c) facilitate on-site, producer-led  
15 workshops and training sessions to promote and engender soil  
16 health stewardship; and

17 (d) complete a baseline soil health  
18 assessment by testing the carbon content, water infiltration  
19 rate, microbiology and aggregate stability of soils, in  
20 addition to monitoring soil cover or bare ground percentage;

21 (2) establish a statewide network of champions  
22 to promote soil health stewardship, offer guidance to producers  
23 and land managers and encourage teamwork;

24 (3) create a program to provide ongoing  
25 training in soil health stewardship and workshop facilitation

.212106.1

1 for champions, districts and eligible entities;

2 (4) in collaboration with technical assistance  
3 providers, sponsor soil health workshops and training sessions  
4 at research centers and learning sites throughout the state;  
5 and

6 (5) educate students and the general public  
7 about the importance of soil health stewardship.

8 C. In administering the healthy soil grant program,  
9 the department shall:

10 (1) award grants to districts and eligible  
11 entities to provide technical assistance to producers and land  
12 managers in advancing soil health principles and implementing  
13 supported methods;

14 (2) develop a user-friendly grant program  
15 application and application and reporting processes;

16 (3) develop criteria for the award of grants;  
17 provided that grants shall be awarded equitably and priority  
18 may be given to districts or eligible entities serving young  
19 producers, veterans, small farms or ranches or for projects  
20 that benefit economically or socially disadvantaged  
21 communities; and

22 (4) ensure that grant funds are only used to  
23 advance soil health and soil health stewardship.

24 D. The department shall encourage producer, land  
25 manager, landowner and interagency collaboration in the

.212106.1

1 management of healthy soils and shall:

2 (1) work with technical assistance providers  
3 to advance soil health stewardship across private, state,  
4 federal and tribal land jurisdictions by fostering  
5 collaboration among producers, land managers and landowners;  
6 and

7 (2) conduct outreach to producers and land  
8 managers to promote the program and other federal, state or  
9 local grant opportunities that support and promote healthy  
10 soils.

11 E. In administering the program, the department  
12 shall support local economic growth in New Mexico and shall:

13 (1) identify ways to increase the generation  
14 and use of compost to build healthy soils;

15 (2) to the extent permitted by the Procurement  
16 Code, prioritize in-state sourcing of the resources needed for  
17 the program, including testing resources, compost, seeds,  
18 fencing supplies and equipment; and

19 (3) support the emerging market for food grown  
20 in New Mexico under management for healthy soils.

21 F. The department may adopt rules to carry out the  
22 Healthy Soil Act.

23 SECTION 5. [NEW MATERIAL] HEALTHY SOIL ADVISORY GROUP.--

24 A. The department, in coordination with the  
25 commission, may convene a healthy soil advisory group to advise

.212106.1

1 and assist with the effective implementation of the program.

2 B. Members of the advisory group shall be qualified  
3 and knowledgeable regarding healthy soils and may include soil  
4 health specialists, producers, champions or representatives of  
5 nongovernmental organizations.

6 C. Public members of the healthy soil advisory  
7 group are entitled to receive per diem and mileage pursuant to  
8 the Per Diem and Mileage Act.

9 SECTION 6. [NEW MATERIAL] USE OF APPROPRIATED FUNDS.--  
10 Funds appropriated to the board of regents for the department  
11 to administer the program may be used for:

- 12 A. the healthy soil grant program;
- 13 B. the healthy soil assessment and education  
14 program;
- 15 C. promotion and outreach;
- 16 D. department staffing support;
- 17 E. capacity building for the districts and other  
18 eligible entities;
- 19 F. travel reimbursement and per diem in accordance  
20 with the Per Diem and Mileage Act; and
- 21 G. other expenditures as determined by the  
22 department to be necessary to support the overall effective  
23 administration of the program.

24 SECTION 7. APPROPRIATION.--Five million one hundred fifty  
25 thousand dollars (\$5,150,000) is appropriated from the general

.212106.1

1 fund to the board of regents of New Mexico state university for  
2 expenditure in fiscal year 2020 and subsequent fiscal years for  
3 the New Mexico department of agriculture to administer the  
4 healthy soil program pursuant to the Healthy Soil Act. Any  
5 unexpended or unencumbered balance remaining at the end of a  
6 fiscal year shall not revert to the general fund.
